Affiliate Monetization Report

Niche Golf | 21st June 2025 |
www.nichegolf.com

Niche Golf - Overview

Summary

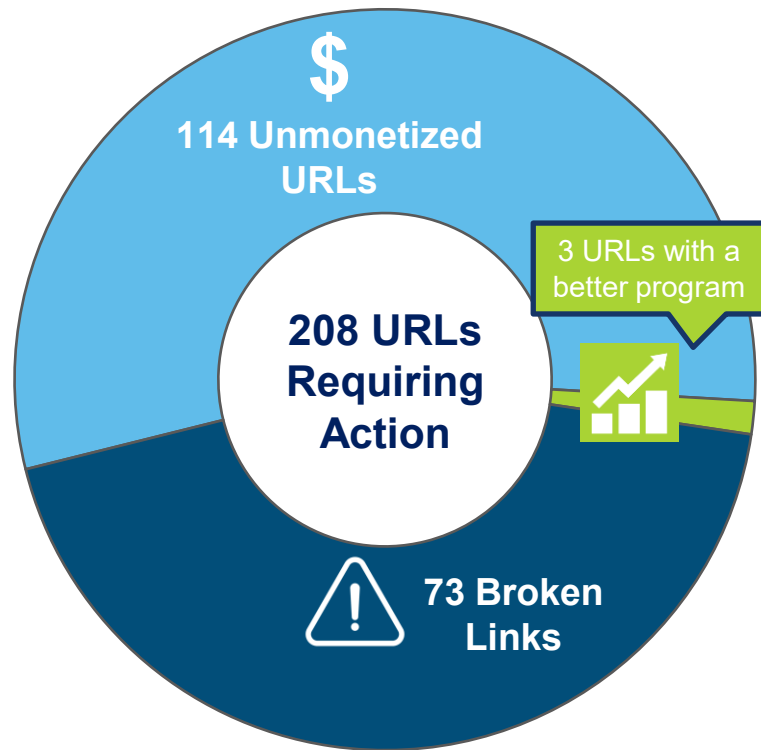

We found 4,865 unique* links on your site and compared them vs. our proprietary database of 30,000 affiliate programs, (inc. 500+ golf programs)

Monetization Potential - We found 114 unique* unmonetized URLs across 66 merchants that offer affiliate programs. By applying for these programs, you can start generating more revenue with minimal extra work

User experience – We identified 73 broken links. Of these 3 are potentially monetized, resulting in lost revenue. The other 70 are lower priority but fixing them will improve your user experience and SEO performance

*Each unique link may be repeated several times

4,865 Total Links Reviewed

Site Health & User Experience

Broken links are more than just an annoyance; they're digital dead ends that frustrate your visitors and actively harm your website's search engine ranking. Fixing them is crucial for a smooth user experience and strong SEO.

73 Broken Links:

- **Impact:** Users encounter dead ends, search engines penalize site quality.
- **Action:** Prioritize fixing for improved crawlability, user trust, and organic rankings.

Error	Count
402 Payment required	1
403 Forbidden	1
404 Not found	31
409 Conflict	7
Host not found	28
SSL certificate problem	3
SSL handshake error	1
Too many redirects	1
Total	73

Some questions for you:

Understanding potential uplift:

- What is your monthly website traffic? Do you know external clicks?
- What are your top performing pages?
- Are you monetizing? If not, why not?
- If so, through which programs?
- How much are your links driving in monthly sales?
- Do you have any negotiated / private rates?

The value proposition?

- How much would you pay for the information we presented (with details spreadsheet on fixes)?
- Do you feel like you would be positioned to make the changes yourself? What would you need?
- Would you would rather hand-off implementation?
